## Internet Acceptable Use Policy (AUP)

We are pleased to offer the students of Perrydale School, access to the Internet. This access to the Internet is provided for students to conduct research and communicate with others. Access to the Internet is given to students who agree to act in a considerate and responsible manner. Access to the Internet will enable students to explore thousands of libraries, databases and bulletin boards while exchanging messages with Internet users throughout the world.

While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We do have a filtering system on our network that blocks out many inappropriate sites, but ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, Perrydale School supports and respects each family's right to decide whether or not to apply for access. Families should be warned that some material accessible via the Internet may contain items that are illegal, inaccurate or potentially offensive to some people. Violations may result in a loss of access as well as other disciplinary or legal action.

Parent permission is required. Access is a privilege-not a right. Access entails responsibility. Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide them toward appropriate materials.

### **User Agreement and Parent Permission Forms:**

As a user of Perrydale School computers, I hereby agree to take the necessary training to utilize the Internet at Perrydale School. I will communicate over the network in a reliable fashion while honoring all relevant laws and restrictions. Students will be made aware of relevant laws and restrictions during training.
